"If we continue to share the mission of Enagic -True Health - it will be a great benefit to people and society."

- 6A2-5 Melody Song

"Our roots are important. It is from these roots that the plant grows, forming shoots, spreading out stalks, stretching them into branches. It is on these branches that fruit ripens and the blossoms open. But roots alone are not enough to grow fruit."

**Enagic Founder and CEO Hironari Ohshiro** 

The above excerpt is from the book Quenching the Thirst for Global Success, the Success Story of Hironari Ohshiro. Toshio M. (2015) It is filled with incredible lessons, motivational stories and the actions that were taken to create Enagic. A must-read for distributors, it is available at www.enagic.com/shop Also available in Chinese, Italian, French, Spanish and Japanese! Contact your local branch office for details.

#### Message from Mr. Ohshiro

#### Enagic Has Changed Over Time, But We've Stayed True to Our Philosophy

I started this company 48 years ago, when I was 33 years old. I was young back then, so I was not scared to try new things, an approach that often still works well for me and Enagic to this day. Despite my best efforts to succeed, and with invaluable support from so many talented Independent Distributors and employees, Enagic has suffered setbacks over the years, but we never stopped pushing. Even now, at age 81, I'm still in the battle to save the world. Until the whole world is happy, I have to continue to keep moving forward and improving.

People ask me "Mr. Ohshiro, why do you have so much energy and power?" One reason is because I have the will and determination to help the world. Even if you have that desire, your body still must be able to keep up with you. I credit my body's ability to keep pace with my will and determination to 30 years of drinking Kangen Water® and using Ukon.

The basis of our business is to drink Kangen Water. We have Independent Distributors who do not drink Kangen Water daily, and I always tell these people, "How are you going to share True Health when you are not realizing it yourself?" When I was working for SONY, I was not the healthiest person. It did not matter back then because all we had to do was just sell SONY products. We did not think about anything else. The reason I started Enagic was to save the world through Kangen Water. Many people said, "That dream is too big, don't you think?" But our philosophy based on True Health and 5 water types has brought us to where we are today.

In a company, many things change over time - internal systems, locations, price, etc. - but our company has never changed our philosophy from Day 1. We always must think of others first as part of a compassionate mentality. Don't do anything just for yourself. Consider

your community and the world and put yourself in a position to do things for others. This business is all about giving. Put others before you. Then that person will put someone before her/him and so on. That is what our business is all about Always think about beloing others.

is all about. Always think about helping others.

Share a glass of Kangen Water® with somebody else and then enjoy a glass yourself.

Hironari Ohshiro Enagic Founder and CEO

### Melody Song 6A2-5

6A2-5 Melody Song grew up in China and has lived in Vancouver since 2003. She learned about Kangen Water® in 2009 while her friend, 5A Andrzej Jurkiewicz, was researching water treatment systems.

"It took me more than three months after comparing and searching," Melody says. "I found out that the Enagic Kangen Water® machine is the best." The SD501 water ionizer she recommended didn't fit Andrzej's budget, but Melody bought a SD501 for herself and shared her Kangen Water® with her friend.

"On the second day, he told me he was sleeping like a rock," she says. "Also after drinking Kangen Water® my headache and dry skin problems were gone. That encouraged me to share the good water with others." Her friend eventually did buy a Kangen Water® machine from Melody, who built her business from there.

"I also did some surveys to my former coworkers and friends," Melody says. "Most people think the water is very important to their life and also I got good results from people drinking Kangen Water®."

Melody previously worked a "regular job" and did high-pressure currency day-trading, which she found stressful. She has a Master's Degree in Mechanical Engineering and also taught at a Chinese university. She credits her education with being able to help her team. "I can learn

something fast and make the right decisions that help me to pass the information to my team easily and efficiently," she says.

Succeeding as an Independent Distributor requires regular outreach. "I keep in touch with my active team members and core team leaders via social media or in person," Melody says. She

also works with trusted leaders, 6A2-6 Glenda & Dante Calinisan, to train, strategize and perform online demos for her global team.

Melody has big plans for herself and her team. "If we continue to share the mission of Enagic - True Health - it will be a great benefit to people and society," she says. "We also can grow together with the company. My goal is to get more people to join the Enagic family and enjoy the delicious water and wonderful business opportunity."

In her spare time, Melody likes sports like golf, listening to music, and playing her saxophone. To relax, she also practices spiritual movements, including meditation, which have helped bring her balance.

**(** 

A friend first told her about Kangen Water®. Anna recalls, "She did a demo for me and I was blown away!" Anna became an Independent Distributor in 2019 and achieved a 6A2-4 rank in just over three years with support from her family and team. She says, "I'm proud to be an Independent Distributor with a fantastic team and room to grow!"

Anna has drawn on her real estate experience to perform so well in her relatively new role. "You learn to listen to people and their needs so I simply think of

"My family comes first, so they were my first official sale," Anna says. "Our whole family has a machine in their house

ways to help them," she says.

including my 10 siblings and my three children." Three family members are now Independent Distributors as well: brother 1A Chien Chau, 6A2 daughter Elizabeth Adams, and 6A daughter Kimberly.

"My future goals with Enagic are to help people have access to Kangen Water®, be 6A2-6 within the next two years and help my team to grow nationally and globally," Anna says. To reach those goals, she calls and Zooms with her team weekly, sharing and helping them build the business. "I want to share this with people all around the world," Anna says. "That is my mission and passion."

In her spare time, Anna enjoys playing tennis and ping-pong, riding her bike, cooking (of course, with Kangen Water®), gardening, karaoke, and spending time with her family and friends.

"I would like to devote some time to thank my dedicated team and Enagic for all of their assistance, encouragement, and support," Anna says. "We are all blessed to be able to share outstanding water with people in numerous nations all across the world."

"I didn't lose hope," Girish says. "Instead I started creating awareness about this magical water, explaining to people about the benefits of drinking Kangen Water® instead of any bottled or tap water." He continued to share Kangen Water® from Samir's house and found a friend who was interested in buying a water ionizer, putting Girish on the path to Independent Distribution.

"Initially what appealed to me was the product itself along with the presentation," Girish says. "I had a belief that this could be a life-changing opportunity for me." He also appreciated Enagic's patented 8-point compensation plan and the "thought of changing and impacting the lives of people around me."

•

Girish previously worked in real estate and had other direct selling experience, which has proven valuable. "My direct selling industry's experience has helped me grow a lot," he says. "Apart from that, my interpersonal skills, which I developed during my education and over the years of communicating with people, has molded me into a person that I am today."

Girish has made an impact as an Independent Distributor, and he's just getting started. "My immediate goal is to achieve the rank -4 by the end of 2022 and to reach and secure 1 lakh (100,000) families' health in the next 5 years," he says. To support this mission, Girish stays in constant contact with his team. "I am always in touch with my distributors, helping them where they get stuck, helping them in strategizing and finding solutions to their problems," he says.

He and his team also organize regular "health awareness programs, training programs, and direct seller orientation programs" to share Kangen Water® with more families across the globe.

Girish's energetic approach extends to his personal life. "I have this sheer passion of driving," he says, "so I love to explore new places along with my family by my side. I keep visiting new places, meeting new people, socializing, and building my business along with spending some top quality time." In his car and in business, Girish prefers to keep his foot on the gas.

Before finding Enagic, the Delhi native attended Shivaji College at the University of Delhi and worked as a TV repair mechanic and insurance advisor. "My previous education and experience helped me in self-monitoring, understanding the importance of habits and developing a learning attitude," he says, citing key skills that he's used as an Independent Distributor.

Satpal first sold a Leveluk JRII to 1A Rajendra Kumar Regar and he's continued to build momentum as an Independent Distributor that has instilled confidence in his future. "I see myself as the upcoming star in Enagic India and will achieve the highest possible level in the company," he says. "My goal is to achieve financial freedom by achieving minimum 6A12-8."

To reach these goals, Satpal stays active. "I talk to active downlines almost every day and try to help them by educating them how they can educate their downlines to overcome the problems they are facing in the market," he says. They also conduct Zoom meetings and seminars.

Of course, even the most determined Independent Distributor needs a break, and Satpal is no exception. He says, "Traveling, shopping, music and movies really make me feel alive and relaxed."

Enagic India opened the Secunderabad-Hyderabad Service Center in Hyderabad in May, part of an effort to expand services for independent Distributors and customers throughout the country.

Secunderabad-Hyderabad Service Center offers several key services:

- Troubleshooting
- Product Repairs
- E-cleaning
- Deep Cleaning
- Accessory Sales
- Customer Assistance/Support

According to Mandar Khopade, Enagic India Director, "Telangana and Andhra Pradesh have been very active markets in India, promoting the Enagic business from the beginning. As a result, Enagic has achieved outstanding sales growth from these two states." Opening the Secunderabad-Hyderabad Service Center helps Enagic India provide "more effective repairing and aftersale services" to the people who have invested in Kangen Water® ionizers.

This service center fits with Enagic India's short- and long-term goals. "The existing setup is made in a manner where we can run the operations for the next five years from the same place," Khopade says. "The long-term goal is to keep providing the best possible after-sale services in this region and nearby states. In addition, it will help save machines' servicing and transit time, build the

company's good image, and develop confidence among the distributors and customers."

Enagic India plans to add service centers in Mumbai and New Delhi in the near future. As Khopade says, "We are growing to better serve to our consumers and distributors."

Congratulations to the #ILoveKangenWater Photo Contest winners! Thank you for all of the great photo submissions. We selected three winners on Instagram and three winners on Facebook. Each winner received a gift bag with branded Enagic products and accessories.

Please continue to share your passion for Kangen Water® on social media with the hashtag #ILoveKangenWater.

#### **Stories of Success**

The Type of Water We Ingest Can Have Just as Much Impact on Our Bodies as the Quality

"Ohshiro had never heard that there were or even considered that there might be different types of water. It was a revelation. He learned that the type of water we ingest can have just as much impact on our bodies as the quality of our water. Acidic water, kangen (alkaline) water, clean water. Each type has a different pH, each has a different purpose."

"Ohshiro began by selling the equipment needed—an electrolysis machine—to make Kangen Water® back home in Okinawa. His business strategy was once again based on the door-to-door sales techniques he had learnt over the course of his career."

"Ohshiro decided to once again adopt a door-to-door sales approach; it was an approach he knew well, after all. This method meant that products were sold direct from the manufacturer to the consumer, allowing him to frogleap over the margins taken by middle men and the complicated two-fold, three-fold distribution infrastructure that had taken hold of most industries in Japan."

Above is an excerpt from the book *Quenching the Thirst for Global Success*, the Success Story of Hironari Ohshiro. Toshio M. (2015) It is filled with incredible lessons, motivational stories and the actions that were taken to create Enagic. A must-read for distributors, it is available at
